

Moments make a difference...
Make them count.

The BAMC Volunteer Program was created to support the healthcare mission. Our volunteers are a group of very special individuals who care about patients and patient care. Their services provide valuable support to our health care program and to wellness. Whether working directly with patients and families or in administrative positions behind the scenes, our volunteers contribute to many aspects of caregiving in the hospital. Perhaps most importantly they help create an atmosphere of friendliness and caring.

BAMC VOLUNTEER SERVICES

Adding Heart to the Healing

**“Any definition of a
successful life must
include serving others.”**

-George H. W. Bush

Help us create a healing environment...

The BAMC Volunteer Program is selective and requires a one year commitment and an agreement to work at least one four-hour shift per week. Volunteers must be consistent and reliable.

BAMC staff create the volunteer positions within the facility based on the needs of their clinic or department. They want to have volunteers as part of their team because they realize the great value volunteers bring to helping them complete their mission.

In addition to helping other people, volunteering has been proven to have great benefits for the person volunteering.

- Feel a sense of accomplishment.
- Learn new skills (or refresh old ones).
- Meet new people.
- Learn about healthcare issues.
- Volunteering has been proven to help you stay healthy.
- Have fun!

HOW YOU CAN HELP

There are many volunteer positions throughout the hospital and satellite clinics. Some examples of Volunteer Positions are:

Listeners– Spend time visiting and talking with inpatients.

Waiting Room Liaisons– Helping families waiting for loved ones to come out of surgery or in the Burn ICU.

Patient Transport– Provide wheelchair transportation for patients throughout the hospital.

Ambassadors– Welcome visitors, offer directions and escort customers to destinations within the facility.

Medical & Patient Library– Deliver books and magazines to inpatients and clinics. Or assist Medical Library staff with customer service and sorting of library materials.

Caremobile Driver– Drive slow moving golf carts to provide transportation for patients and visitors to and from the parking lots and hospital doors. This is especially helpful for our customers with mobility issues.

Information Desk Greeter– Greet Visitors, give directions and information both in person and on the phone.

Clerical and Administrative– There are a variety of clinics and departments throughout BAMC that need volunteers to help at the front desk welcoming and assisting patients as well as helping with behind the scenes administrative work.

Optical Fabrication– Assist with the counting, sorting and shipping of approximately 1,500 prescription glasses each day in support of over 100 DoD clinics.

Professional Volunteers– BAMC is fortunate to have the support of volunteer doctors, nurses, pharmacists, physician assistants, nurse practitioners, MRI techs and other licensed care providers.

(Not all positions are available all the time. Contact Volunteer Services to see what positions currently need your help.)
